WRIGHT'S INDIAN VEGETABLE PILLS, in addi tion to being one of the best anti-bilious medicines in the world, possess a power in removing pain. which is truly astonishing. Four or five of said Indian Vegetable Pills, taken every night on going to bed, will in a short time completely rid the body of those morbid humors which, if lodged in the liver, are the cause of pain in the side, sometimes extending to the shoulder blade, difficulty of breathing, neusea and sickness, loss of appetite, costiveness, flatulency, swarthy or yellow complexion, and other symptoms of an inflamed or torpid state of the liver.

Wright's Indian Vegetable Pills also thoroughly cleanse the stomach and bowels from all bilious humors, and other impurity, and therefore are a certain cure for colic, dysentery, cholera morbus, and other disorders of the intestines.

[COMMUNICATED.]

Departed this life on Wednesday the 13th inst. Mrs. ELIZABETH DALY, relict of the late Lawrence J. Daly in the 71st year of her age. Leaving a numerous connexion both in [COMMUNICATED] age. Leaving a numerous connexion both in this state and Kentucky, it is but proper that some notice should be taken of the circumstan ces of her death.

For the last few years, her health had been gradually declining, but her great energy of character she possessed to the last. Wednesday morning she rose as usual, and at the breakfast table, remarked that she had rested better during the night, and felt better then, than she had for months. About 9 o'clock while walking across the room she was discoved by one of the servant girls, to be in the act of falling, who caught her and laid her on the bed, after which she never spoke more, and about 20 minutes after 11 o'clock in the forencon, in the presence of the family Physician and several of her children and relatives

she quietly breathed her last. Few persons in the sphere in which she moved have lived a purer life, or left a brighter example than the subject of this brief memoir. For many years a member of the United Baptist Church, her whole christian life was an ex emplification of the power of religion in the soul. While she was careful about the things of this life, she did not forget that "the care of the soul is the most important care," and the writer of this article, from an intimate acquain tance with the deceased, can truly say, he knew of no one who gave greater heed to the scriptural admonition. "Be not slothful in business, but fervent in spirit, serving the Lord."

She never turned a deaf ear to the cries of

the distressed, and her liberal hand was always

open to the wants of the needy. Difficulties and misunderstandings between members of the church, or between neighbors always give ward.

Though disease deprived her, in the imme diate prospect of death, of giving utterance to

her hopes beyond the grave,
Yet having lived the life of the rightcous,
her death could not be otherwise. Her pure spirit, freed from the shackles of the body, is The volunteer dinner in Chariton county passed off well. The volunteers were ad-

NATURE'S OWN REMEDY!

The Invalid's Best Friend!! T is confidently asserted that there NEVER WAS

ed a reputation in the face of the envious slander

which have been raised against them.

Let it be borne in mind that Wright's Indian Vegetable Pills are NO CATCH-PENNY REMEDY,

the offspring of the hour, destined to pass away with it, and be forgotten, but a medicine of ster-ling value. Its reputation is not built upon an isolated cure, effected under circumstances in which the faith of the imagination had quite as much to do with it, as the activity of the remedy itself. Wright's Indian Vegetable Pills lay a claim to real worth, founded on the honest and willing tes-

THOUSANDS AND TENS OF THOUSANDS, throughout the length and breadth of the land. SPRING, SUMMER, FALL AND WINTER, Each produce, by their variations of temperature. peculiar effects upon the human body. The heat expands, and the cold contracts the volume of the circulating fluid, and when changes take place suddenly, the effects are often serious. Wright's Indian Vegetable Pills counteract the evil influence of sudden changes, by purifying the blood, and keeping the stomach and bowels in a natural

and healthful condition. FOR FEVER AND AGUE, That scourge of the West, Wright's Indian Vegetable Fills stand unrivalled. An instance has never come to our knowledge of these Fills having been taken, without effecting a complete cure. In Chills and Fever the liver and bilary functions are chiefly disordered, superinduced by great physical debil-ity. When the symptoms first appear, no time should be lost before resorting to these Pills. A few doses will give such manifest relief that no persuasion will be necessary to continue the asc

FOR DYSPEPSIA. Wright's Indian Vegetable Pills will be found very superior. In this disease, the gastric juice is weak and deficient in quality. Consequently, the digestion is imperfect and the health impaired. These Pills remove the bile from the stomach, re store its tone, and improve the digestion.

FOR JAUNDICE. Wright's Indian Vegetable Pills are equally well adapted to the remayal of this complaint. As they operate upon the one general and uniform principle, of cleansing the stomach and bowels, purifying the blood, and rectifying the secretions, they remove the CAUSE of Jaundice, and of all

other disorders. GREAT FEMALE MEDICINE! It would be difficult precisely to tell to which of the two sexes Wright's Indian Vegetable Pills have been the greatest blessing. But it is very certain that these Pills have given health and spirits, and a good complexion, to hundreds of females, who would, without them, have been in their graves. A box of Wright's Indian Vegeta-

ble Pills is an inestimable medical companion at

certain periods. VALUABLE ANTI-BILIOUS MEDICINE! The sensations accompanying liver complaint are of the most wretched description. Habitual drunkenness is frequently brought on by liver complaint. A patient suffering from this dis-ease, should not be mocked with pretended cures; yet there are very few medicines that are worth a straw in the removal of this complaint. Calo-mel has hitherto been the chief reliance, but the remedy has proved itself worse than the disease! What then shall be done! We say, give Wright's Indian Vegetable Pills a trial. If they do not exceed your expectations, we are willing to hear all the opprobrium of failure. And we say to all

TRY THEM. There is no risk run-no money thrown away-ONE WORD MORE.

When you have found that Wright's Indian Vegetable Pills are a "leetle" the best medicine you ever heard of, STICK TO THEM! Don't run after (very upstart Remedy, which attempts to bluster itself into notoriety. Above all, BEWARE OF !MITATIONS

of Wright's Indian vegetable Pills. Previous to were never heard of. Now what hosts of them! And after all, what are they, but miserable imitations of the original medicine; no more like it, than chalk is like cheese! One man advertises. Improved" Indian Vegetable Pills. This would ere less serious. of all such.
